

Broadening Horizons Through Outdoor Learning

Duration
5 Days

About the Course

Are you an educator eager to take your teaching beyond the classroom? Don't miss this opportunity! Explore the principles and practices of outdoor learning and discover how nature can enhance your educational impact.

Experience hands-on field trips and engaging activities designed to develop essential skills like teamwork, problem-solving, critical thinking, and creativity. Learn how to safely plan and manage outdoor education, integrate cross-curricular content, and foster intercultural awareness. Gain new insights, share experiences with international peers, and broaden your perspective on teaching and learning in the great outdoors!
