

Intensive Spanish Course: Culture, Language, and Traditions

About the Course

This intensive course is designed for international learners who wish to improve their Spanish language skills while exploring key aspects of Spanish culture. Through a communicative approach, students will engage in activities centred on traditions, food, customs, popular festivals, and everyday cultural expressions. The course includes classroom-based learning combined with guided cultural visits and interactive experiences that provide real-world language practice in context.

Target Group

Foreign students with an interest in improving their Spanish language competence while deepening their understanding of Spanish cultural life. Ideal for university students, Erasmus+ participants, and adult learners.

Minimum Language Level

A2 (CEFR) minimum required;
B1 recommended for full participation in all activities.
